

PRESS RELEASE

WMOTO INTRODUCING NEW "V" CLASSIC CRUISER, V16

PENANG, 11 NOVEMBER 2020 – WMoto has previously produced two bikes in the "moped" category; VE110 and WM110, and a classic motorcycle; Cub Classic. Now, MForce Bike Holdings Sdn. Bhd. has taken another big step in its growth strategy, introducing a whole new "Cruiser" namely, V16. MForce Bike Holdings Sdn. Bhd. the sole distributor and manufacturer of WMoto in Malaysia has produced V16 to suit the tastes of classic American motorcycle enthusiasts.

This 249cc 4-stroke engine is capable of achieving power as high as 19hp at 8,000 rpm and 19Nm at 6,000 rpm. The V16 is equipped with a 60-degree V-twin engine to produce a louder roar as well as for more efficient fuel consumption. Also, it has a fuel tank with a capacity of 14 liters that can move the V16 for more than 300km with one full fill.

One of the unique features for this classic motorcycle is chromed dual exhaust pipes to embrace the exclusive V16 design that comes with a muffler. Different from other "Cruiser" motors that can reach 400kg, WMoto has released a V16 weighing only 165kg for easier handling.

V16 provides you the rear shock absorber with adjusting following to your preference. Besides, the seating height is only 700mm with a soft saddle for a luxurious riding experience. The V16 armed with bright LED headlights and DRL daytime running lights as a safety feature while complying with Euro standards.

This American-style model offered at an affordable selling price of RM15,888 excludes insurance and road tax. V16 will be available at WMoto distributor premises throughout Malaysia starting 12 November 2020 onwards.

Owner of V16 can also enjoy two-years manufacturer warranty or travel distance 20,000 km (whichever comes first) and **online spare parts purchase** service by MForce Bike Holdings Sdn. Bhd.
